

3 year olds

Our 3-year-old program offers a wide range of learning opportunities. The classroom environment is set up to provide many experiences, that include math, large and small manipulatives, science, art, dramatic play, socialization, language art, sensory.

Our circle times include music and movement, theme related listening, language development, sign language, dramatic play, motor development, and Bible time.

Our Bible curriculum gives the children the opportunity to grow in their faith and relationship with God, which includes weekly chapel lead by Pastor Jim. It was developed to give the children the opportunity to grow in their faith and relationship with God.

Our alphabet curriculum is provided by AlphaTales. This series provides an exposure to the alphabet letter sounds and rhymes that help to build your child's vocabulary and recognition of each letter and sound.

Additional skills taught in our 3-year-old program are:
